

Espumas Ignífugas

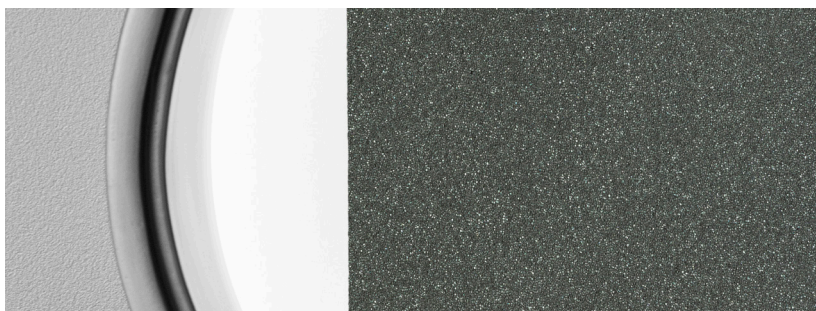

Flame resistant flexible polyurethane

ESPUMAS
IGNÍFUGAS

Fire-resistant foams produced by TORRES ESPIC react in different ways to fire, rigorously complying with the regulations stipulated by each market or country.

Our range of FR products includes mainly foams according to different European requirements such as UNE 53127, UNE EN 597-1/2, UNE EN 1021-1/2 and foams that fulfil the British requirement BS 5852 Crib 5.

	DENSIDAD (kg/m ³)	DUREZA CFD (kPa)	ILD 40% (N)	RESILIENCE (%)	FIRE BEHAVIOUR
25 CMHR	25 +/- 5%	1,8	85	50	BS5852 Part 2 Crib 5
30 CMHR	30 +/- 5%	3	130	55	BS5852 Part 2 Crib 5
40 CMHR	40 +/- 5%	5	225	60	BS5852 Part 2 Crib 5 / California TB 117
